

OWENS
COMMUNITY COLLEGE

April 23, 2012

To whom it may concern:

I am pleased to write this strong letter of recommendation for Dave Jaye who I have worked with since 1986. I, like Dave Jaye taught in S. Korea. I have been a full time Professor at Owens Community College since 1993.

Dave had an excellent record working at Korean Universities and Corporations for five years. Dave's Korean students' Power Points and class papers and Dave Jaye's academic papers published by Korean Associations are on www.davejaye.com.

Dave Jaye came home to the USA to help his aged parents. Dave has done very well as Project Manager writing and administering Federal and State grants. Two of Dave Jaye's recycling grants got national awards and he made presentations to the Solid Waste Association of North America National Conventions in 2008 and 2010. Dave teaches Adult English classes four nights a week in Naples, FL from 5:30pm to 8:30pm! Dave received high recognition award for teaching Adults English in the Naples Program.

Dave Jaye is very popular with his students and co-workers. Dave always comes early to work, has prepared lesson plans and is a very high energy

I strongly recommend Dave Jaye for a teaching assignment.

Sincerely,

Thomas Marshall
